

# 3D body scanning makes visualizing progress simple. Exact measurements, shape, body composition and other insights given in just 35 seconds.

**Pricing:**  
1 scan - \$70  
3 scans - \$150

During the scan,  
men should wear tight fitting shorts  
and women should wear tight fitting  
shorts and a sports bra

The lines on the model above show each area where body measurements are taken.

The above image shows data from multiple scans, specifically a graph of three waistline measurements and a side by side comparison to illustrate progress.
